

# Interdisciplinary Service Learning Trip

PHYT 896 – 1 credit elective

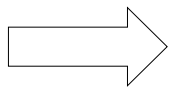

## PARTNERING WITH TYRRELL COUNTY

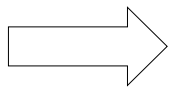

Work with students from nursing, physical therapy, public health and social work to examine the social determinants of health in this underserved population of North Carolina.

Community selected health promotion activities

Health and balance screens at the Senior Center and in residents' homes

Creation and implementation of health education lesson plans at local schools

Environmental projects in the community and/or Jockey's Ridge State Park

### COURSE FACTS:

- ⇒ Takes place over spring break: Sunday - Thursday
- ⇒ Includes on-campus planning meetings
- ⇒ Involves out-of-pocket costs
- ⇒ Students may receive approval to participate during a clinical rotation
- ⇒ Students may take the course up to 3 times (3 credits total)

### BENEFITS:

- ⇒ Get to work with other disciplines
- ⇒ Spend spring break helping others with friends
- ⇒ Enjoy an afternoon at the beach
- ⇒ Earn an elective credit before the 3rd year of the program
